PROFILE

Data Management Consultant Intern at SAP SE with hands-on experience in enterprise AI delivery, client-facing data migration, and SAP BTP development. Certified **SAP Generative AI Developer** with a track record of independent technical initiative and client-facing delivery.

EXPERIENCE

Data Management Consultant Intern — *SAP SE*
Apr 2025 – Present

- Delivered data migration for Merck Group and Teva across TCC, DCC, and QCC SAP environments; produced formal migration reports.
- Shipped full-stack features for a production enterprise RAG assistant — frontend UI, backend architecture using SAP HANA DB and BTP Cockpit — with Node.js, SAP CAP, and BTP.
- Designed, built, and presented an AI CV Reviewer to an external SAP stakeholder.
- Earned 3 SAP certifications: Generative AI Developer (100%), HANA Data Engineer, SAPTEC (92%).

Teaching Assistant — *University of Bucharest*
Oct 2025 – Feb 2026

- Guided 30+ first-year CS students through x86 assembly, memory management, and low-level system concepts in Computer Organization and Design.

QA Tester Intern — *Code of Talent*
Sep – Dec 2025

- Identified and documented 40+ defects across web application features; automated test workflows using Java and Selenium.

Backend Developer Volunteer — *Scout Society NGO*
Oct 2025 – Present

- Engineered scalable APIs for a youth volunteering management platform using Next.js and Supabase.

PROJECTS

FAIA — SAP Internal AI Assistant: Production RAG assistant on SAP BTP with active end users; independently delivered Tags Module, BTP routing overhaul, and conversation management (Node.js, SAP CAP, CDS).

AI CV Reviewer: LLM-based CV review tool built independently; presented to an external SAP stakeholder who committed to sharing it with their internal team.

QR Reader/Generator: Full QR encoder and decoder implemented from scratch without external libraries.

x86 File System Manager: Simulation of a complete file system capable of real operations (add, delete, defragment, directory analysis) in x86 assembly.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, TypeScript, SQL, Java, Assembly (x86)
Frameworks & Tools: Node.js, React, Angular, Git, Docker, Supabase, Postman
SAP Technologies: SAP BTP, SAP CAP, SAP HANA, SAP AI Core
Fundamentals: Data Structures, Algorithms, OOP, REST APIs, Systems Programming

ACHIEVEMENTS & LEADERSHIP

1st Place, NXP Line Follower 2026: Placed 1st among 20 competing teams; built and programmed an autonomous line-following robot using sensors and motor control.

Winner, Vibehack Hackathon 2025: Led technical development in a 4-person team; built a mobile app prototype improving access to youth volunteering opportunities.

Erasmus+ Youth Exchange (2025–2026): Participated in and led 4 international exchanges across Portugal, Greece, Spain, and Italy.

Captain, Romanian National Basketball Team (High School, 2023): Led team strategy and represented Romania in international competitions.

LANGUAGES

English: Fluent • **Romanian:** Native • **Spanish:** Beginner

EDUCATION

BSc Computer Science — *University of Bucharest*
Expected 2027 — GPA: 8.61/10

High School Diploma — *Colegiul Național "Spiru Haret", Bucharest*
2023 — Baccalaureate: 9.76/10
